EUREKA 16-40 cal Arc Gloves (13 - 4 Heat FR-AF)

Optimized for high Arc Flash risks
Perfect in tough working conditions with high spark, heat and flame risks
High performance in cut resistance
Main materials: Para aramid, Fibreglass, Chloroprene composite

Categories: Cut, Arc Flash

SKU: 13-4HFR-AF

Standard:EN388, EN388 CUT, ANSI CUT, ASTM F2675, BOX TEST (modified), EN407

Cut resistant:A5, E

Attributes:Arc Flash protection, Contact heat resistant, Flame resistance, Oily environment, Palm coated

Coating:FR

Standards

CE Mark

Category II

ANSI CUT A5

Box Test (modified) Class 2

EN 388 3X43E

ASTM F2675 16(back of hand) / 40 (Palm)

EN 407 41324X
