

Scott™ T5 Hood with PC Visor

It is a head protector that can be comfortably used with Scott Tornado and T/A/Line air filtration units in environments where breathing is at risk.

The T5 headgear is made of durable PU material, designed for head, eye, face, and respiratory protection.

It is manufactured in compliance with the EN 14941 TH2 class standard.

TECHNICAL DETAILS

Manufactured from a durable PU coated nylon material combined with the proven Protector Tuffmaster II helmet, T5 combines head, face and respiratory protection in one product. Hearing protectors can also be fitted if required.

The unique balanced design of the helmet combined with the ease of Tornado respiratory protection provides a lightweight balanced product, designed for use in aggressive environments.

- Balanced design which is comfortable to wear
- Good airflow distribution to minimise wind in the eyes discomfort
- Designed for use with helmet mounted hearing protection
- Wide face seal ensures good face protection
- Easily adjustable ratchet head gear
- High quality ABS helmet
- Suitable for both Powered and Airline use

OPTIONAL ACCESSORIES
