Teknik Bilgiler

Wall Mounted Body Shower Unit

Body showers are designed and intended to be installed in close range of persons working in a potentially hazardous area. The main purpose of these devices is to immediately deliver a flushing fluid in a sufficient volume to extinguish flames and/or to flush the body following exposure to injurious substances or heat. With this accomplished the injured person can proceed to medical care.

Pull Rod operated

Sprays water from showerhead

Stainless steel or Electrostatic Powder Painted options. Standard color is Green. Showers can be produced in different colors upon request.
