

ISTEC Tip EW-ESL Eye/Face Wash, Faucet-Mounted Emergency Eye Wash Station

Quick Response, Maximum Safety!

In laboratories, workshops, and other industrial workplaces, eye safety is always a top priority. Chemical splashes, dust, foreign objects, or other hazards demand immediate and effective intervention. That's where the **Faucet-Mounted Emergency Eye Wash Station** comes in!

TECHNICAL DETAILS

Why Choose This Product?

- **Practical and Convenient Design:** Easily attaches to standard faucets, saving space and integrating seamlessly into your workspace.
- **Dual Functionality:** When not in use as an eye wash, it allows your faucet to function normally.
- **Quick Activation:** Switch to eye wash mode with a single motion for immediate response in emergencies.
- **Gentle Water Flow:** Specially designed for sensitive eye tissues, minimizing irritation while ensuring thorough rinsing.
- **Durable Materials:** Made from stainless steel for long-lasting performance.

Ideal for Various Environments

- Chemistry and biology laboratories
- Industrial production facilities
- School and university labs
- Other professional workspaces

Easy Installation and Maintenance

Installation is quick and can be completed in just minutes. For routine maintenance, the faucet connection can be easily detached and cleaned. Adjustable water pressure enhances reliability during use.

The faucet-tap shown in the images is not included in the product content.

You can use it by mounting it onto the universal faucet you are using.

Secure Your Workspace

This product enhances employee safety and provides effective first aid in the event of accidents. It minimizes risks by offering a fast and reliable solution for emergencies.

Your eye health is important to us. Equip your laboratory with this innovative product today and stay one step ahead in workplace safety!
