TECHNICAL DETAILS

Pedestal mounted body washer unit

Body showers are designed and intended to be installed in close range of persons working in a potentially hazardous area. The main purpose of these devices is to immediately deliver a flushing fluid in a sufficient volume to extinguish flames and/or to flush the body following exposure to injurious substances or heat. With this accomplished the injured person can proceed to medical care.

Sprays water from showerhead.

Freeze proof with double valve.

Mini platform operated.
