Portable Welding Room

Resource Section Rooms in Portable Special Sizes.

Welding Cover Fabric Alternatives:

1. Vermiculite-coated
Weight: 1100 g/m²
Width: 1.00 meters

2. Fiberglass (One side gray color heat-resistant PU coating)
Weight: 480 g/m²
Width: 1.00 meters

The area to be protected in welding works is also installed on the floor
and used as a curtain-room against splashes.
Special production can be made according to the desired sizes and selected alternative welding fabrics.
