

1500 LT Mobile Safety Shower and Eye/Face Wash with Trailer

Mobile emergency safety shower and eyewash combination on trailer is ideal solution for situations where a water supply is temporarily unavailable.

The unit is ex-proof (Atex) equipped with a pneumatic pump and 1500 liter water tank, sufficient for 15 minutes of water flow.

Water immersion heater is set at 25°C.

The mobile shower complies with both EN 15154 and ANSI/ISEA Z358.1-2014 standards.

Meets requirements of ANSI standard.
