

FYRPRO® XPERT-C Fireman Suit (Coverall)

Product Code: 13152373

Reliable Protection for Tough Missions!

Firefighting requires quick decisions and reliable equipment. FYRPRO® XPERT-C offers a high-performance solution that combines safety and durability for your operations. Designed as the "level 1" version of FYRPRO® XTREME, this suit is manufactured to meet EN 469:2020 standards, yet offers a lighter and more comfortable option.

Why Choose FYRPRO® XPERT?

Safety Assured: FYRPRO® XPERT-C firefighter suits are CE marked and certified in accordance with the (EU) 2016/425 PPE directive. They comply with EN 469:2020 Level 1 (X2, Y1, Z2), EN 1149-3/5, and EN ISO 13688:2013 standards.

FYRPRO® XPERT-C is the ideal solution for low-risk operations. This suit provides reliable protection against heat, flames, and liquid splashes during firefighting operations, adhering to EN 469:2020 Level 1 (X2, Y1, Z2) standards. Its lightweight, breathable design without a moisture barrier makes FYRPRO® XPERT a more flexible and comfortable option, enhancing agility and speed during prolonged use.
